## 1 Noah opening full - Noah Trailer montage

When it comes to movies, lots of things don't matter.

[JOHN NOLTE](#)'s NOAH review says, "What does matter, though, is **The Message**. The Message is everything. And this is where Aronofsky is the snake in the garden. Using \$135 million, he and Paramount have brilliantly and deviously disguised the Pagan god Gaia as the God of the Old Testament ... as THE God.

And let's give the Devil his due: using the story of Noah to twist Christianity into something it is not, is a genius piece of propagandizing that is sure to lead many away from God under the mistaken belief that through left-wing environmentalism they are coming closer to Him. One Commandment is given: *Thou Shalt Not Harm Mother Earth Beyond What Is Absolutely Necessary to Live In a Tent as a Vegetarian*.

In "Noah," there is one man who does judge others for being "covetous" and lustful and some other legitimate sins, and it is not God. It is Noah. And Noah does not see these qualities in the humanity God will wipe out, he only sees them in his own family -- the very family God has chosen to survive because of their righteousness. And...

\*\*\*\*\*SPOILERS\*\*\*\*\*

...Noah is portrayed as a dangerous religious-extremist for judging others in this way. It is at this point, he goes off the deep end in a fit of self-righteousness that ends with a promise to murder his own newborn granddaughters. Aronofsky is perverting God's real reason by portraying that reasoning as extreme and mad. (God doesn't give man another chance, Noah does, because he "fails" in following his visions of a "communicationally" challenged God.)

## Intro: Welcome, Why this talk?

- a robust world view against the "fantasy" assaults of Hollywood and Academia.

I want to challenge you the Think, Learn and Worship, and to go do what the Real Noah did, Be proclaimers of God's righteousness, loving rescue and just judgment.

The Atheist/Secularist cries out, "If God is real, why doesn't He judge evil and do something about it." But when God does... with the flood and the end of the age (Great Throne judgment), they call him all the names in the book for giving evil humans the consequences they chose for – death and destruction, the opposite of a life giving God. God will not force anyone into his presence.

# Noah's Ark and Flood Trivia

**T or F** God showed Noah visions of the coming flood, but never spoke to Him?

8 times God Speaks to Noah, 10

**What was the greatest miracle in the Bible?** Creation

if this verse is true Gen 1:1 the rest is at least possible – miracles

**Hebrews 11:3-5** <sup>3</sup> By faith we understand that the universe was created by the word of God, so that what is seen was not made out of things that are visible.

If you could only use one word to describe the Bible and the work of God what would it be? Restoration

**What can God not Do?** Logically impossible things... ex. create a square circle, things contrary to his character, a married bachelor, a one ended stick, an honest politician etc...

**T or F** Two of every kind of animal went into the Ark?

**How many animals pairs (sets of kinds) was Noah to take on the Ark?**

Only land-dwelling, air-breathing animals had to be included on the ark (Gen. 7:15, "in which is the breath of life," 7:22). Noah did not need to bring all the thousands of insect varieties. Invertebrates can be shown to survive flooding, often by using floating vegetation mats. Sevens of flying creatures.

**Gen 6:19** Twos of every sort /kind - male and female Gen 6:20

Twos, both, double, twice *shenayim = shen ay im –plural* dual of שְׁנַיִם

Gen 7:9 & 15 They went into the ark two and two of all flesh mal and female where in is the breath of life- lungs

Two twos  $2 \times 2 = 4$

Gen 7:2 and of the clean kinds take by sevens male and female, and of the not clean by twos male and female

Sevens shehvah used seven, seven times, seven fold

Seven twos  $7 \times 2 = 14$

**T or F** Every living creature outside the ark was destroyed by the flood?

**Was every living creature outside of the Ark destroyed in the flood?** NO, just land - lung breathers (Gen. 7:15, "in which is the breath of life," 7:22)

## **T or F Noah brought the animals and gathered them in the Ark?**

**Who brought the Animals to the ark?** Gen. 6:20 God

**Who designed the ark?**

The Designer was God Himself. We do not need to assume Noah knew anything about ship-building. The instructions for design are given in Gen. 6:14ff.

What major “boat” feature did the ark probably not have?

Was Noah the only one asked to build the ark?

**What did Noah do for at least 120 years while also building the Ark?**

**How long were the “fountains of the deep” opened for?** 150 days

**God gave permission for Noah and his family to eat what after the flood?** Gen 9:3

**The Ark and the Flood are linked to what old and new Testament Practice?** 1 Peter 3:20-21

God made a covenant with Noah and Who after the flood cataclysm that he would never flood the earth like this again?

**What does Noah’s name mean?**

**How many levels did the ark have?**

**How old was Noah when the Flood occurred? How much longer did he live?** 600 - 950

What would that age be in approximate years our lifespan? 1000 years = 80years 600 = 48 ratio of 8/100

**What were the measurements of the Ark?**

300 cubits long, 50 cubits wide, and 30 cubits high. Genesis 6:15 Did you know most Ancients measured in Volume not in shape? A Hebrew cubit was 18 in and Egyptian of which Moses was schooled was 21.8 in ark length 450 - 515ft

**Where did the Ark come aground and rest?**

# Shadows of Future Past: The Ark and Christ

**Show a fossil** - What does this mean? = This is a shadow of future –past, God’s marker/memorial of a global cataclysm – judgment and rescue. Just as Israel set up 12 Stones as a remembrance to God’s rescue and redemption, so are God’s remembrance set in stone the Fossil Record. This is just one of the shadows of future past. Why Future Past? Future, because it proclaims God has the right and ability to save and judge all humanity through Christ, Past, because we can know God from our history with him via the Bible and nature.

Jesus is in the OT concealed, while he is in the NT revealed.

# Science and the Supernatural

## Wedding Wine Story w/ Materialist Friend

### 3 GW Bill Nye – Supernaturals and Science

#### Primacy papers and The Supernaturals Book – email sign up

Science is based on the handicapped observations of Humanity, which cannot observe all of reality. Atheistic materialism claims that if it can be observed or reproduced it is not real via the scientific method.

- And science is proposing more dimensions of reality which open the door for inter-dimensional beings and “spiritual dimensions”.

#### Primacy: Two Views

M-NPE: We interpret the past by the present or we interpret the past events by what we only see and observe today: uniformitarianism – Charles Lyell this “all Things continue...” paradigm is only set aside hypocritically when it is convenient i.e. Meteor cataclysm wiping out dinosaurs, ice age, or a super volcano splitting Pangaea’s original continent.

Vs

SC\_DE: We interpret the past first by the revelation of its creator and observer, and bring in current observations which include catastrophism in aid to understanding the Creator’s revelation.

**Supernatural claims of Materialists** - Natural Progressive Evolutionists which deify scientific and natural laws and are by definition supernatural

Origin/evolution of the universe from “nothing” TME are eternal

- Defys the laws of causality and does not defy Laws of Thermodynamics & Entropy

Origin/evolution of life from non-life chemicals

Origin/evolution of Kinds/Families aka. Genetic information. Mutations – copy errors, deletions, and additions combined with natural selection can “create” new and useful genetic information which results in the formation and “creation” of new features and creatures from the first cell to all of life – seen in Darwin’s tree of life.

**The Creator (alien): Outer –dimensional / non-biological / personal / immortal/ non-material spirit being**

- Inhabits eternity and is the only immortal eternal being without beginning or end outside the dimensions of reality TME etc

**Supernatural claims of Creationists which agree with scientific and natural laws.**

Origin of the universe came from an outside – Outer dimensional cause greater than the universe.

- Follows the laws of causality and does not defy Laws of Thermodynamics & Entropy

**The Why’s of Pain and Suffering Paper**

**Romans 1:18-32** God's Wrath on Unrighteousness

<sup>18</sup>For the wrath of God is revealed from heaven against all ungodliness and unrighteousness of men, who by their unrighteousness suppress the truth. <sup>19</sup>For what can be known about God is plain to them, because God has shown it to them. <sup>20</sup>For his invisible attributes, namely, his eternal power and divine nature, have been clearly perceived, ever since the creation of the world,<sup>[a]</sup> in the things that have been made. So they are without excuse. <sup>21</sup>For although they knew God, they did not honor him as God or give thanks to him, but they became futile in their thinking, and their foolish hearts were darkened. <sup>22</sup>Claiming to be wise, they became fools,<sup>23</sup>and exchanged the glory of the immortal God for images resembling mortal man and birds and animals and creeping things.

<sup>24</sup>Therefore God gave them up in the lusts of their hearts to impurity, to the dishonoring of their bodies among themselves, <sup>25</sup>because they exchanged the truth about God for a lie and worshiped and served the creature rather than the Creator, who is blessed forever! Amen.

<sup>26</sup>For this reason God gave them up to dishonorable passions. For their women exchanged natural relations for those that are contrary to nature; <sup>27</sup>and the men likewise gave up natural relations with women and were consumed with passion for one another, men committing shameless acts with men and receiving in themselves the due penalty for their error.

<sup>28</sup>And since they did not see fit to acknowledge God, God gave them up to a debased mind to do what ought not to be done. <sup>29</sup>They were filled with all manner of unrighteousness, evil, covetousness, malice. They are full of envy, murder, strife, deceit, maliciousness. They are gossips, <sup>30</sup>slanderers, haters of God, insolent, haughty, boastful, inventors of evil, disobedient to parents, <sup>31</sup>foolish, faithless, heartless, ruthless. <sup>32</sup>Though they know God's righteous decree that those who practice such things deserve to die, they not only do them but give approval to those who practice them.

You must have forgotten the atheistic/evolutionary regimes that were responsible for more deaths than all ‘religious’ wars put together: [77 million in Communist China](#), [62 million in the Soviet Gulag State](#), [21 million non-battle killings by the Nazis](#), [2 million murdered in the Khmer Rouge killing fields](#). This was thoroughly documented by Rudolph Rummel (b. 1932), Professor Emeritus of Political Science at the University of Hawaii, who coined the term democide for murder by government (see his book *Death By Government*). <http://creation.com/refuting-noahs-ark-critics>

# Global Cataclysm or Local Legend

## What does Jesus Say? The Day of the Lord 2 Peter 3 (NIV)

**3** Dear friends, this is now my second letter to you. I have written both of them as reminders to stimulate you to wholesome thinking. **2** I want you to recall the words spoken in the past by the holy prophets and the command given by our Lord and Savior through your apostles.

**3** Above all, you must understand that in the last days scoffers will come, scoffing and following their own evil desires. **4** They will say, “Where is this ‘coming’ he promised? Ever since our ancestors died, everything goes on as it has since the beginning of creation.” Uniformitarianism **5** But they deliberately forget that long ago by God’s word the heavens came into being and the earth was formed out of water and by water. **6** By these waters also the world of that time was deluged and destroyed. **7** By the same word the present heavens and earth are reserved for fire, being kept for the day of judgment and destruction of the ungodly.

## What’s the Big Deal?

- Local year-long floods never cover high hills or mountains
- Local floods never wipe out all or much animal and plant life
- Why is Noah commanded to take birds if it is a local flood?
- God promises to never “flood” the earth again – is he a liar?
- 120 year warning = move... not build a huge ship
- 200 plus ancient global “flood” legends & Ancient tablets – “Gilgamesh” older Akkadian Tablets
- Radically shapes ones history and understanding of geology, etc.

## Jesus coming, the end of the age, the day of the Lord, his judgment and salvation

### Are they global in scale or local?

**I argue...These events are all called into question if Noah just survived a local flood**

Matthew 24-25, Mark 13, Luke 21-22

<sup>Mt</sup> **30** Then will appear in heaven the sign of the Son of Man, and then all the tribes of the earth will mourn, and they will see the Son of Man coming on the clouds of heaven with power and great glory.

<sup>35</sup> Heaven and earth will pass away, but my words will not pass away.

<sup>37</sup> For as were the days of Noah, so will be the coming of the Son of Man. <sup>38</sup> For as in those days before the flood they were eating and drinking, marrying and giving in marriage, until the day when Noah entered the ark, <sup>39</sup> and they were unaware until the flood came and swept them all away, so will be the coming of the Son of Man. one will be taken and one left.

## **The Noah Movie Deception and the Last Days**

***By: Joe Schimmel***

Did you know, according to Hollywood, that the main reason God destroyed the ancient world with a flood was because of a lack of environmental activism and overpopulation?

Did you know that Noah was a liberal eco-terrorist and the world's "first environmentalist"?

Did you know that Noah was really a callous, dark person?

Did you know that Noah was a drunken, axe-wielding murderer?

Did you know that Noah threatened to kill his eldest son's wife and her unborn daughter, because he didn't want the earth to be repopulated?

Did you know that Noah's old pal Methuselah (really old pal) was a witch doctor who guided Noah spiritually?

Did you know that Noah enlisted the help of Satan's fallen angels to protect him while building the ark?

What? You didn't know these things? Weren't you listening in Sunday school as a child? Did you miss all of this when you first read the biblical account of Noah and the great flood in the book of Genesis? Of course you didn't miss these things, because they never happened! The *Noah* movie, released by Paramount Pictures on March 28th, 2014, will not be the first film used by the liberal Hollywood elite to target Christians and exploit, politicize and twist biblical truth. Nor will it be the last time Hollywood engages in a colossal effort, to the tune of a \$160 million, to deceive and make a buck off the faithful. ([Source](#))

***“I don't think it's (Noah & Flood) a very religious story...I think it's a great fable that's part of so many different religions and spiritual practices.”*** – Darren Aronofsky, Variety 2012

This should not be a great surprise, as *Noah* director Darren Aronofsky, promotes Antichrist, occult and Gnostic elements by the boat load in his other movies

The incredible irony is that Aronofsky's ploy of bait and switch, in making the Noah narrative about environmentalism rather than the consequences of breaking God's expressed moral law, is encouraging the very conditions that invited God's wrath, in the form of the flood, in the first place. Moreover, Aronofsky is seducing the biblically illiterate and emboldening environmentalists with a lie, by pretending that God flooded the earth because of over population and environmental concerns.

I imagined that as dark as Noah would be portrayed, he would still be cast as more compassionate than God Himself and somewhat reluctant to carry out God's supposed “evil plan.” However, the motif I imagined Aronofsky employing would turn out to be far darker than I even imagined. Incredibly, Noah is portrayed as a reluctant murderer of innocent babies on God's behalf, whereas God has no problem having Noah performing the dastardly deed.

In fact, we are led to believe, contrary to the witness of scripture, that Noah understood that God intended to eliminate every human being from existence and not allow any human repopulation of the earth. Noah even understands that if he is to save the environment, that God's command entails murdering the unborn twin daughters belonging to his eldest son's wife. Thus, the *Noah* movie blasphemously teaches that one way to please God and help the environment is to engage in abortion or infanticide, a wicked tenet promoted by leading liberal academics today.

***“We must weigh those [human] lives against all creation.”***

we discover that in addition to Aronofsky's lie through Noah, that not only good works/environmentalism save us, but sacrificing our children will also save the world

earth-worshipping environmentalists champion the mass human sacrifice of innocent children via abortion to appease their goddess mother earth.

## Darren Aronofsky explains why *Noah* isn't just for believers

**Reading the graphic novel, it's clear your Noah is a religious story, but not necessarily a Judeo-Christian story. Are you prepared for the complete freak-out some people will have about telling a Bible story in this manner?**

Well we started from Genesis and the millennia of religious commentary surrounding it. That's how we grounded our story and that was the well-spring for the themes we were trying to dramatize, so it is a Judeo-Christian story in that sense. **But you don't need to be Jewish or Christian or even religious to be familiar with the Noah story or be moved by the idea of a universal flood punishing mankind for our wickedness and threatening to wipe us out for good.** That's part of our cultural heritage. It's buried deep. And like all deeply ingrained stories it continually gets retold and reinvented with each telling. Hopefully our telling resonates with all sorts of people, Jewish or Christian, atheists or believers.

*He's right. I'm not Jewish or Christian and I'm really moved by the story of a universal flood sent by a petty superbeing to punish us for behaving in exactly the way you'd expect us to behave, having been created in said petty superbeing's own image. So moved. To disgust. And anger.*

Absolutely agreed. Noah is the single most disgustingly immoral story from the Bible
