## Origins United / SLP ministries

### Origins Identity Purpose

[www.OriginsUnited.com](http://www.OriginsUnited.com)  
Plan/Objectives

### Mission Statement:

Origins United exists to equip young people with a robust worldview, through a blend of creative and unique scientific and Biblical apologetic material, helping them understand their origins, identity and purpose in relationship to their Creator and Savior Jesus Christ.

### What Makes Origins United Unique?

Origins United blends supernatural and scientific material to create a holistic historical worldview that addresses, origins, science, the Bible, and the supernatural world with visual - creative teaching/learning strategies while partnering with other origins and apologetic ministries. We believe all learning is for worship of our Creator.

### Topic Focus

Supernatural Creation, Degenerative Evolution/Greater Ancestors, Supernatural Biblical History, Origins-Identity-Purpose, Future Restoration

## Why?

- Over 70% of youth leave church and Christian faith after high school
- Youth pastors & pastors are overwhelmed and need partners to equip and aid them in origins apologetics.
- Our public schools (HS & Colleges) are an unreached mission field in America
- I will be a teacher in schools reaching those no one else can reach.
- People need a pathfinder to challenge them, reveal needs, and provide paths to answers that transform their lives and bring them to God in worship.
- The fastest growing group of people are "spiritualists" who are seeking purpose, while denying a Creator's love and accountability like their atheistic counterparts.
- The foundation of Christianity, churches, transformed lives, and our country rests on a robust supernatural world view that encompass faith in Jesus Christ, science & reason. The only way to save our children, our country and our future is to return to our foundation in the work of our supernatural Creator and Lord.

## Target Audience: High School age students

Those struggling with their identity, and fascinated by the supernatural, and superheroes, science fiction. Those questioning origins, the Bible, science, and seeking a community to join where purpose is lived out via a Supernatural Biblical Worldview.

### Secondary Audience:

College students

Teachers & Youth Workers

Home-Schoolers

Pastors & Churches

Anyone seeking answers about their ORIGINS, IDENTITY & PURPOSE
